  <title>Resonance, Vol. I (Approaching the Dark Age Series) *Kindle Edition*</title>
  <description>This tale follows a Tribal known as Maledream, a troubled and quiet young man, fed up with his existence on the outskirts of a city that had long ago fallen into ruin. One morning, after a row with his foster-father, he decides to leave the safety of the Tribal camp and ventures deeper into the ruins of the city. Halting in his stride, Maledream is alerted to the screams of a woman nearby as an ancient library half collapses into an adjacent river. Watching the scared beggars run in the opposite direction, Maledream takes it upon himself to investigate the distress. What he confronts goes against all perceived nature. A monstrous, Anunaki beast, long thought to be the stuff of Tribal legend, is intent on eviscerating a young, red headed priestess, Angelite Rose. It is from this ensuing battle that Maledream and Angelite are spurred on a journey through the Dark Age lands, which is soon filled with dangerous, supernatural forces that should only belong to myth or legend.</description>
